

1. Lullaby

The butterfly has just spun its cocoon and falls asleep to the sound of a lullaby.

2. Transition

The old form dissipates and a new one begins to grow.

3. Initiation

With the holy vowels of an ancient Egyptian mantra

4. Dream

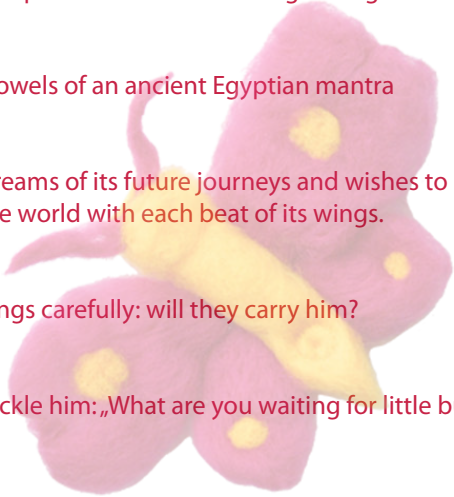

The butterfly dreams of its future journeys and wishes to spread love and peace across the world with each beat of its wings.

5. Awakening

It unfolds its wings carefully: will they carry him?

6. Fly!

The sun's rays tickle him: „What are you waiting for little butterfly? Fly!“
